girledworld STEM Summit City of Greater Geelong, May 2018

girledworld WOW Summit University of Sydney, February 2019

University of Melbourne, June 2017

TARGET AUDIENCES

girledworld

HIGH SCHOOL

Girledworld works with high school students in Years 7-12 (ages 12-18 years) to educate and equip them with 21st Century skills, future career pathways and industry mentors.

PARENTS/GUARDIANS

Girledworld works to educate parents to support and empower them to have informed, proactive and real-world career conversations with their teenagers. Parents regularly attend WOW Summits.

EARLY TERTIARY

Girledworld has a growing audience of early tertiary students (aged 18-25 years) who attend our events, workshops, intern across industry projects, and engage with our online content (APAC, USA, India, UK).

INDUSTRY/EDUCATORS

Girledworld works with industry, government and the education sector including business experts, Universities, Principals, teachers and career advisors to accelerate 21st Century skills, career education and real-world workplace learning opportunities for students.

The **future of work** is rapidly shifting.
The next Gen workforce will have up to 17
jobs across 5 industries in their careers.

THE FUTURE OF JOBS 2022

girlsdworld

The Future of Jobs Report 2018

Table 4: Comparing skills demand, 2018 vs. 2022, top ten

Today, 2018	Trending, 2022	Declining, 2022
Analytical thinking and innovation	Analytical thinking and innovation	Manual dexterity, endurance and precision
Complex problem-solving	Active learning and learning strategies	Memory, verbal, auditory and spatial abilities
Critical thinking and analysis	Creativity, originality and initiative	Management of financial, material resources
Active learning and learning strategies	Technology design and programming	Technology installation and maintenance
Creativity, originality and initiative	Critical thinking and analysis	Reading, writing, math and active listening
Attention to detail, trustworthiness	Complex problem-solving	Management of personnel
Emotional intelligence	Leadership and social influence	Quality control and safety awareness
Reasoning, problem-solving and ideation	Emotional intelligence	Coordination and time management
Leadership and social influence	Reasoning, problem-solving and ideation	Visual, auditory and speech abilities
Coordination and time management	Systems analysis and evaluation	Technology use, monitoring and control

TESTIMONIALS WHAT THEY SAID

girlworld

"I THINK IT'S SO IMPORTANT FOR GIRLS THESE DAYS TO SEE WOMEN IN LEADERSHIP AND WOMEN IN POWER REALLY OWNING WHAT THEY DO, AND CREATING THE NEW WORLD THAT GIRLS WILL SEE IN THE FUTURE. WELL DONE FOR PUTTING ON A TREMENDOUS EVENT. I WISH THAT I HAD AN EVENT LIKE THIS TO GO TO WHEN I WAS YOUR AGE.

EVA ROSS - APAC Marketing Manager, AIRBNB

"This event really changed my relationship with my daughter. One of the best things she learned at the Summit was to start documenting her observations through the day in a journal, and now that she is doing this she is really noticing more about herself, and about the world around her. As a result, she and I now have more meaningful conversations about how she can shape her own future."

PAUL NAPTHALI - Managing Partner, Rampersand

"I attended the WOW Summit this year and started coding almost straight away. I then changed my subjects to do Algorithmics for Semester 2 which taught me how to code in python and program. Last weekend, a few other girls and I attended the Super Hack hackathon in which my team won. This wouldn't have happened for me if it wasn't for the WOW Summit which changed my perspective of coding so thank you so much."

ISOBEL - WOW Summit RMIT Attendee 2018

"I HAD A BLAST SHARING MY ATlassian GOAL SETTING EXPERIENCES AND AGILE TIPS WITH THE AUDIENCE! THANKS FOR SHARING YOUR VISION WITH US ALL! CONGRATS ON A MASSIVELY SUCCESSFUL WEEKEND!"

MARY RALEIGH - Strategy & Operations Lead, ATlassian

TESTIMONIALS WHAT SHE SAID

“I just wanted to email and say how much Clover and I enjoyed the WOW STEM Expo on Saturday. The speakers were varied and interesting, and we took the opportunity to visit each of the exhibitors, collect information and chat. Equally valuable was the opportunity to begin the formation of a network of contacts for the future. We look forward to spending some time browsing through all the information we have collected, visiting websites of the speakers and exhibitors and following up with some of the amazing women we met on the day. Thank you again.”

- **Krista and Clover (Parent + Student) Event Attendees**

“Thank you so much for having us today! You did an incredible job organising it all, and it was clear how much work had gone into the event. We had so many excited students at our stall getting hands on with the robotics! And many of them said they’d be interested in attending our workshops which is great!”

- **Robogals Global (Activation Partner)**

“Thanks for having me as a speaker today! My work is done if I made at least one student consider the amazing path that medicine can be for them in their future careers!”

- **Dr Margie Danchin, Murdoch Children’s Research Institute (WOW STEM Speaker)**

SCHOOL ENGAGEMENT 2018-2019

Our workshops, future career forums and World of Work Summits have been attended by 30K+ high school students, parents and educators across 2017-2019. Here's just a few of the schools we've engaged with.

World of Work Summits 2019-2020

WOW SUMMIT SERIES 2019-2020

Our sell-out **World of Work Summits** bring global industry leaders, workplace insights and career education to students to help them build awesome future pathways!

girledworld WOW Summits have been attended by 1000's of students, parents and educators who learn 21st Century new ways of working, employability skills, solve real-world industry problems in Design Thinking Challenge teams, meet phenomenal global career mentors and explore future career pathways in the leadership, startup, emerging technology and STEM sectors.

girledworld WOW Summits were delivered in 2017 (University of Melbourne), 2018 (RMIT University), 2019 (University of Sydney and City of Greater Geelong), and attended by a total of 4000+ students, parents and educators, featured 150+ speakers from across the world, and received national media coverage (print/TV/radio) with an online reach of more than 2 million.

WOW Summits have featured more than 150+ international speakers across the technology, corporate, startup and political arenas.

FUTURE OF WORK

School Workshops

2019-2020

SCHOOL WORKSHOPS 2019-2020

Real-world learning, right where students are.

Our Future of Work educational workshop series, being delivered to 5000+ students in high schools across metro and regional Australia, allow students to be inspired by industry mentors, expand their career knowledge and upskill in 21st Century, entrepreneurship and STEM capabilities through interactive, personalised learning opportunities.

By rethinking traditional education pathways and connecting students with the Future of Work in industry-led, real-world contexts, we give today's students the tools they need to thrive tomorrow.

girledworld partner companies feature as speakers (keynotes and virtual), Design Thinking challenges, industry spotlights and case studies in workshops. See our industry partners on www.girledworld.com

WORKSHOP TOPICS 2019-2020

WORK READY

Get workforce and work experience ready by gaining skills, context and capacity for employability.

FUTURE OF WORK

Deep dive the global marketplace and build context, capacity and future of work career knowledge and employment pathways.

21ST CENTURY SKILLS

Build future career capacity with transferable, 21st Century enterprise competencies.

STARTUP SKILLS

Take ideas to enterprise using growth mindsets, entrepreneurial thinking, Lean Startup and problem-solving.

BRAVE LEADERSHIP

Learn to lead self and others effectively, discover unique values and cultivate leadership core skills.

GIRLS IN STEM

Discover the world of STEM, uncover amazing global STEM career role models and upskill for your future career.

THRIVING TEAMS

Build capacity for high performance teamwork, goal setting and Agile project management.

DESIGN THINKING

Use a practical human-centered design tool to create innovative solutions to real-world problems.

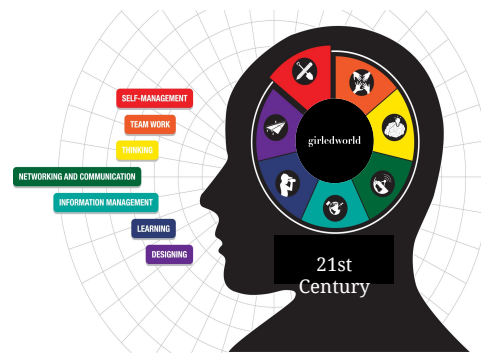

STUDENT DEMOGRAPHICS

Our workshops teach students the skills today's industries require for the workforce of the future: problem solving, creativity, team work, entrepreneurial thinking, innovation and communication.

At girledworld we know that individual student engagement and learning styles are critical to the transfer and growth of knowledge. We provide accessible, relatable, real-world contextual frameworks and inspire students to take the lead in their own learning pathways. Our workshops provide open interaction, role play, virtual mentors, teamwork and gamified tools.

STUDENT DEMOGRAPHICS

- Ages: 12-18 years
- Year Levels: 7-12 (Target audience - Years 9-11)
- Delivery Regions: Melbourne, Regional Victoria, Adelaide, Sydney, Brisbane, Canberra, Tasmania
- Private, government and independent schools
- Industry Spotlight Forums and Design Thinking Challenges also delivered in school workshop curricula.

LEARNING FRAMEWORKS

PLANET

Students develop contextual understandings of the future of work, STEM and the changing world around them.

PURPOSE

Students explore personal strengths, future industry and job interest areas, and develop 21st Century employability skills.

PATHWAYS

Students identify interests, create study and career pathway plans, and build skills.

OUR PROGRAMS ARE INSPIRING, EMPOWERING AND EXPERIENTIAL, AND ENGAGE STUDENTS THROUGH A 3 STAGE LEARNING PROCESS.

COLLABORATIVE MODEL

LEARNING TOGETHER

Our workshops, future career forums and program designs use collaborative learning frameworks.

Collaborative learning brings students, teachers, facilitators, (industry speakers and parents) together in shared, trust-based interactive learning experiences.

Students build on each other's resources, self-reflections, strengths and skills, and evaluate, monitor and co-design together, in order to solve problems, complete tasks or create products.

AN EDUCATIONAL APPROACH TO TEACHING AND LEARNING THAT ENABLES STUDENTS TO WORK TOGETHER IN HIGH PERFORMING TEAMS.

WORKSHOP EVALUATIONS

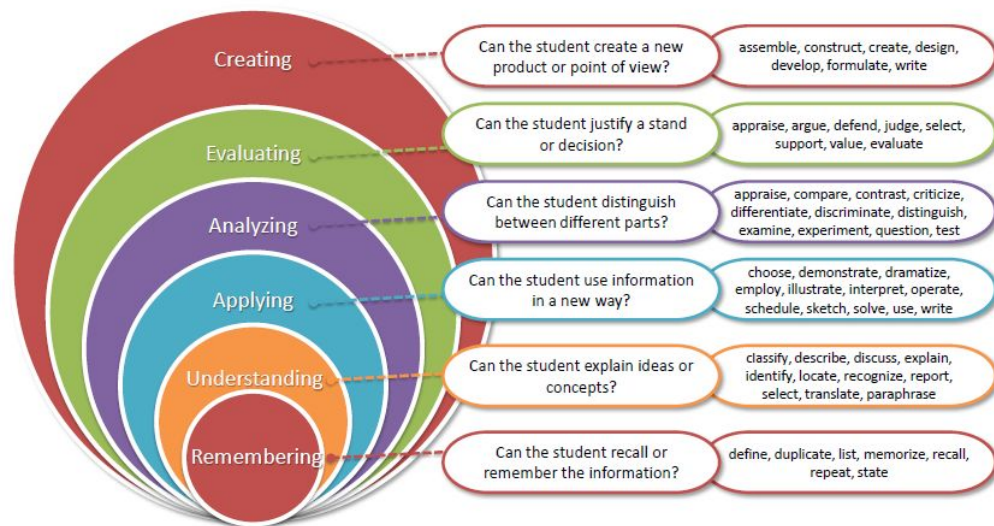

EVIDENCE-BASED LEARNING

Our workshops are industry-backed, evidence-based and trusted by councils, state governments, industry, schools and universities across Australia.

All learning programs are co-designed by girlredworld with the input of leading educators across the secondary and tertiary sectors, and with industry consultation on employability and job market content.

To date we have engaged with 180+ high schools, 30K students, and partnered with 75+ industry representatives (Aus + USA).

OUR PROGRAMS ENGAGE STUDENTS BY MEETING THEM WHERE THEY ARE IN THEIR INDIVIDUAL LEARNING JOURNEYS.

Global Projects. **Mentors.** Advocacy.

SPECIAL PROJECTS: COLLABORATIONS

girledworld

We partner with industry, startups, universities and governments to design, develop and deliver educational events, workshops, research, content and community forums.

- Victorian Government - Regional WOW Summit activations 2019-2020

**WORLD SHAPING : FUTURE FACING : WORK READY
we build futures.**

SPECIAL PROJECTS: **LIKE WOW** PODCAST

Like WOW is a new, short-form, on-demand World of Work pod series for young adults launching in 2019.

Shows will be recorded live and produced in the MYOB Media & Sound studio in Melbourne, and published to Google, Apple, Spotify and Stitcher, with associated social media campaigns across LinkedIn, YouTube, Twitter, Facebook and Instagram.

The show features teenage guest hosts and powerful interviews with global industry, technology and business leaders, startup founders, celebrities and politicians who unpack their personal and professional stories and leadership skills to help young people understand key insights, ideas and career pathways in the new World of Work.

AUDIENCE: Content specifically created for a growing teenage (13-18yrs), early tertiary (19-22yrs) and young professional audience (23-28yrs). Research shows global podcast penetration is strongest in the 16-32 demographic, with a rapid growth of popularity in short-form (branded) content. *Forbes, October 2018*

Girls can't **be** what they can't **see**.

WORKPLACE MENTORING: INTERNATIONAL WOMEN'S DAY

Mentoring young people changes lives and career trajectories.

Partnering with girledworld to become a CmeO Mentor for International Women's Day 2020 allows organisations and individuals to engage with the next generation, create real impact, cultivate organisational and STEM diversity and enable a young person to experience the world of work..

Mentorship provides real-world learning opportunities for 15-18 year old high school girls allowing them to connect with leading women who can share their insights and knowledge, and help young women define their career goals, explore new skills and unleash their potential.

For industry Mentors, the time commitment is just ONE DAY - and our team do the legwork to match a Mentee (15-18 years) to you! Mentees can join you for a Breakfast or Lunch event, the entire work day, or for specific industry functions. Mentors and Mentees in most major cities across Australia have signed up to participate in the 2020 campaign.

Sign up to be a 2020 CmeO Mentor or Mentee
at www.girledworld.com CmeO was proudly supported by
Virgin Australia, Herald Sun, ABC, UniSuper and Silverpond ML

SPECIAL PROJECTS: **HOST BATCH INTERNSHIPS**

We partner with organisations to offer girls a chance to build new skills, connect with industry mentors and rocketfuel their future career opportunities in workplace internships.

girledworld internships are designed for 15-18 year old young women seeking an immersive introduction to the new world of work. Internships are delivered by organisations.

girledworld internships are opportunities for high school and early tertiary aged students to experience real-world, working and learning environments so they can get a head start on their futures, and connect with industry mentors.

If your organisation is interested in partnering with girledworld to provide batched, supported internships (5 pax students) in Summer or Winter 2019/2020 please get in touch. Internships can be minimum 1 day to maximum 2 weeks.

YOUR FUTURE WORKFORCE IS READY TO MEET YOU!

**I hear and I forget. I see and I remember.
I do and I understand. - Confucius**

SPECIAL PROJECTS: **YOU ARE NOT YOUR FACE**

girlsworld

A global storytelling project, **#YouAreNotYourFace** is written BY teenage girls FOR teenage girls.

1000's of 13-19 year old girls from India, Brazil, Pakistan, China, Australia, France, Germany, Korea, USA... have contributed incredible stories, life experiences, brutal hardships, amazing triumphs, tips, truths, poems and abundant wisdom to this girlsworld global storytelling project launching in 2019.

You Are Not Your Face captures the voices of a generation.

These are teenage girls telling it how it is to be a girl in the world right now. We need to listen.

Girls' own stories, and our research with universities, focus groups, communities and schools, tells us that in a rapidly globalising world, and with social media bridging the divide and yet creating greater rates of social isolation, depression and content overload, teenage girls need to hear and share their stories, and unpack some of the biggest issues of the world in 2019, so they can make better sense of themselves, and the changing world around them.

**Melbourne
Writers Festival**

My mum died when I was 14. She was a single mother and had been most of my life. She was diagnosed in 2016 with cancer and had just five weeks left to live. The night she passed was the most awful night of my life and I can remember every detail almost 2 years later. I learnt that the death of someone close to you will never leave. The whole process of my dealing with my mother's death was challenging for me. When she told my brother and I she had liver cancer we all hugged each other and cried in her hospital room. We walked around the hospital floor, she was weak and talked about all the things we wanted to do with the time she had left... The time we never got.

For the full story read below...

Zoe - Age 16

Innovation, Ways of Working, Startup Skills, Entrepreneurship, Intrapreneurship, Diversity & Inclusion, The STEMder Gap, Future of Work, Design Thinking, HCD and High-Performance Teamwork.

Meet The Team

WE ARE **INNOVATION**, **ENTREPRENEURSHIP** + **CAREER**
EDUCATION EXPERTS. WE'VE TRAINED WITH THE WORLD'S
LEADING INSTITUTIONS IN PROGRAM DESIGN + DELIVERY.

FOUNDING TEAM

MADELEINE GRUMMET - COFOUNDER + CEO

Mads wears a few hats. Cofounder + CEO girledworld, Design Thinking and Innovation Specialist and Facilitator, Keynote Speaker and recently Innovation Ecosystem Lead inside Telstra's Chief Technology Office, Mads spent a decade working in senior editorial print and online roles across media, journalism and PR (Herald Sun, Channel Nine, ACP, News Corp, Murdoch Magazines, L'Oreal Melbourne Fashion Festival) before founding Do Re Me Creative - a strategic communications agency which delivered experiential events, brand campaigns and educational workshops to 1000's of students and corporates. Madeleine has a University of Melbourne Master of Entrepreneurship (First Class Hons), IDEO Design Thinking Certification and multiple board and ambassadorial positions including Advisory Council NewCo, Director Cool Australia Education, and consults as a startup mentor and advisor across APAC. Madeleine has four daughters.

EDWINA KOLOMANSKI - COFOUNDER + COO

Across her (almost) first decade in the workforce, Edwina has gained stacks of professional experience including at Telstra in Change Management across large IT, Digital and Ways of Working Transformation projects, the Victorian State Government in PR and Strategic Communications and within the Commercial divisions of the AFL and Tennis Australia. A life-long learner, Edwina was awarded the Bertalli Scholarship for Entrepreneurs, has a University of Melbourne Bachelor of Media & Communications and Master of Entrepreneurship (First Class Hons), studied Liberal Arts and Premedical studies as an International Scholar at Columbia University's Barnard College, and is currently studying a Juris Doctor at Monash University. Edwina was recently awarded a university-wide Monash Global Discovery Innovation scholarship to New York in 2018.

MEET TEAM GIRLEDWORLD

girledworld

At girledworld we know our people are our most valuable assets.

Our dynamic, diverse and distributed teams are based in Melbourne, Sydney, Brisbane and LA, and are redefining success on their own terms.

Our mission is manifested in our internal culture, with a focus on celebrating and elevating smart and ambitious women (and men) of all ages so they can play to their strengths and do the best work of their lives.

We exist to inform, entertain, and inspire action and change in the next generation of innovators, entrepreneurs and STEM champions through the content, experiences and partnerships we create.

We are unapologetic in our rejection of the status quo. The world needs more balance, more big thinkers, and more bias to action to create the step changes we need in a complex, technology-fuelled age of change.

Our girledworld Melbourne HQ is at Creative Cubes, Cremorne and Hawthorn locations. Reach out, and find a time to pop in and talk to the team sometime. We'd love to show you around!
